# PREFACE

**YorubaLibrary®** as a company aimed at expanding Yoruba Cultures and her rich heritage to the grassroots, we have concern for writing this edition titled "Kings of Yoruba Land". This book is specially designed to present Yoruba rich cultures in as much depth and variety as possible, and to provide framework for understanding them.

This edition showcases different kings we have in Yoruba Land such as Lagos, Ogun, Oyo, Osun, Ekiti, Kwara etc both towns and cities. It is well accompanied with their High Quality Pictures and of course, their detailed names. It is intended to contribute to the development of the study of African Languages and Cultures. It seems to us that this appropriately conceived and well-written material is available for use in both educational and non-educational organization worldwide.

Moreover, it is our hope that this edition will not only be a useful teaching instrument within the formal curriculum, but will also play an important role in shaping the study of African Languages in foreign lands.

See you in...
